MOTORIZED DRAPERY TRACKS FROM J.L. ANTHONY

There's a popular misconception that in home automation, the drapery track is to be utilitarian. It is not an object of decor, or beauty.

We beg to differ, and who better to introduce a line of motorized made-to-measure rods than J.L. Anthony? Our new Svelte line is a *slimmer, more contemporary line of drapery hardware* that greatly simplifies the motorization process with built-in motor tracks that

accommodate **Lutron, Somfy Glydea or BTX Classic** motors.
