R-TEC AUTOMATION® TRAVERSE SYSTEMS

R-TEC Automation® NEW

Our new R-TEC Automation® Traverse Systems are the smart solution for both residential and commercial environments.

The slim drapery motor installs seamlessly behind the drapery panel with quiet start / stop operation and the ability to easily charge without having to remove the motor, providing the ultimate integrated functionality and unrivaled design.

See pages 4 - 9.

Coordinates with all 2" or 3" diameter finials and end caps.

Available in all 25 custom finishes on page 35.

R-TEC Smart Controls

The R-TEC Automation® Hub and App integration allow draperies to be controlled directly from a smartphone or integrated device while at home or away. Now available in the Apple® App store or Google Play™.

As an alternative, remotes and wall switches allow for individual, group and all control for a customized solution with 1, 5 and 15 channel options.

See page 7.

For more R-TEC Automation® window solution options, view our compatible shade systems at bit.ly/R-TEC-Automation-Shades

INTRODUCING
AUTOMATION[®]
TRAVERSE
SYSTEMS

UNRIVALED DESIGN

R-TEC Automation[®] products are meticulously designed to combine beauty, form and function with superior performance.

INTUITIVE PROGRAMMING

R-TEC Smart Controls offer modern design and lifestyle options with easy programming and the ability to integrate with the latest smart home solutions.

UNCOMPROMISING QUALITY & SERVICE

We proudly stand behind our products by providing expert services to support you along with a slim drapery motor backed by a 5 year warranty.

UNSURPASSED VALUE

Provide your clients with innovative window treatment solutions that fit their budget expectations with R-TEC Automation[®] drapery and shade systems.

FEATURES

2-Way RF Communication
Integrated radio frequency control allows for easy programming of individual, group or all control across window treatments.

Adjustable Speed
Choose from three options to customize the open / close speed of the drapery treatment.

Preferred Open / Close Limit Settings
Electronic "autoset" limits accurately program preferred open and close limit settings.

Favorite Position
Allows a most used or favorite position to be set between open and close limit settings.

Obstruction Detection
If the drapery motion is obstructed while the motor is running, the motor stops automatically to prevent damage.

Manual Override
Permits the drapery to be adjusted manually without the use of a remote or in the event of a power outage.

Quiet Operation
Powerful, smooth and quiet operation suitable for both residential and commercial environments.

R-TEC SMART CONTROLS

R-TEC AUTOMATION® APP enables simple, intuitive control and system configuration from your smartphone or tablet.

ORDERING INFORMATION NEW

- 1 SELECT YOUR SYSTEM
Single or double system.
- 2 SELECT YOUR TRACK COLOR
White or bronze.
- 3 SELECT YOUR MOTOR POWER
Pick from Li-ion Battery or 110v AC Power Transformer.
- 4 SELECT YOUR DRAPERY STYLE, DRAW & MASTER CARRIER
Pinch Pleat or Ripplefold. One-Way Draw Right or Left, or Center Draw. Overlap or Butt Master (RF only).

custom solutions

*Ships to you fully assembled and custom cut to your exact specification in 10 - 15 business days.

PINCH PLEAT

- Carriers available in White or Bronze.

RIPPLEFOLD

- Carriers available in White or Bronze.
- 60%, 80%, 100% and 120% fullness available; please specify fullness on order.
- Overlap Master Carriers are standard.
- Butt Master Carriers available, allowing some light to filter between draperies on center draw treatments. Must be specified for substitution.

- 5 SELECT YOUR FINISH, FASCIA STYLE & FINIALS
25 custom finishes. Smooth, Reeded or Square Fascia. Finials and End Caps sold separately.
- 6 SELECT YOUR R-TEC SMART CONTROLS
System includes handheld 5 channel remote. Take your drapery control to the next level by upgrading to the R-TEC Hub to integrate your draperies with whole home and voice control systems.

TANDEM ALTERNATIVE

Tandem alternative ARC™ motorized systems utilize two drapery motors and are used for draperies that exceed the maximum single motor capacity. Available with Butt Master One-Way Draw Arms RTMDTOB (recommended for Ripplefold draperies), Butt Master Center Draw Arms RTMDTCDB (Ripplefold only) or Overlap Tandem Center Draw Arms RTMDTCDTAN (recommended for pinch pleat draperies). Please contact Rowley for details.

Custom Decorative Hardware

Our Story

Balancing timeless beauty with functionality, Finestra Custom Decorative Hardware incorporates the look of old world elegance into modern day décor.

Inspired by the opulence and historical references of the Rococo, Renaissance and Baroque eras; the Finestra® Custom Decorative Hardware collection combines exquisite design details with hand crafted finishes evoking timeless luxury and elegance.

The Finestra Custom collection offers 26 beautiful finial designs that blend traditional styling with ornate details, 25 rich hand painted finishes with unique characteristics and a selection of pole designs custom-sized to fit any window.

- All options are available in 1 3/8", 2" and 3" diameters and ship within a 10 business day lead time.

Decorative, coordinating traverse is also available in custom sizes for both residential and commercial applications:

- The new R-TEC Automation® Traverse Systems ship within a 10 - 15 business day lead time
- Manual Traverse Systems ship within a 10 business day lead time.
