## MOTORIZED TRAVERSE NEW

R-TEC Automation<sup>®</sup> Traverse Systems combine style and function with smart design solutions for both residential and commercial environments.

The slim drapery motor is designed to install seamlessly behind the drapery panel with quiet start / stop operation, the ability to easily charge without having to remove the motor and up to 500 open and close cycles per charge, providing the ultimate integrated functionality without compromising the look of your window treatment.

Available with 1 3/8" or 2" diameter fascia profiles.

Choose from any of our 5 quick ship finishes below.

## R-TEC SMART CONTROLS

The R-TEC Automation<sup>®</sup> Hub and App integration allow draperies to be controlled directly from a smartphone or integrated device while at home or away. Now available in the Apple<sup>®</sup> App store or Google Play<sup>™</sup>, search for Rowley to download the new R-TEC Automation<sup>®</sup> App.

As an alternative, remotes and wall switches allow for individual, group and all control for a customized solution with 1, 5 and 15 channel options.

See page 7.

## QUICK SHIP FINISHES

Quick ship orders will ship the same day if ordered by 3 PM EST. Please allow a 5 day lead time on manual traverse system orders and a 10 - 15 day lead time on R-TEC Automation<sup>®</sup> traverse system orders.

## FEATURES

### 2-Way RF Communication

Integrated radio frequency control allows for easy programming of individual, group or all control across window treatments.

### Adjustable Speed

Choose from three options to customize the open / close speed of the drapery treatment.

### Preferred Open / Close Limit Settings

Electronic "autoset" limits accurately program preferred open and close limit settings.

### Favorite Position

Allows a most used or favorite position to be set between open and close limit settings.

### Obstruction Detection

If the drapery motion is obstructed while the motor is running, the motor stops automatically to prevent damage.

### Manual Override

Permits the drapery to be adjusted manually without the use of a remote or in the event of a power outage.

### Quiet Operation

Powerful, smooth and quiet operation suitable for both residential and commercial environments.
