MISSION STATEMENT & INTRODUCTION

Our mission at Vesta is to provide our clients with a compelling customer experience through a selection of drapery hardware to achieve their design ambitions.

Welcome to Vesta's 2022 Drapery Hardware Catalog. We're excited to introduce a new 2022 German Design Award Special, and some new collection enhancements. We continually work with our manufacturers to find unique drapery hardware that's innovative and functional. Our staff is ready to assist with product questions, estimating, ordering and shipping. It's been our pleasure to collaborate with the design community for the last 30+ years.

To our valued customers, partners and friends, we extend our heartfelt gratitude for your patronage and support during these trying times.

The past couple of years have been unprecedented to say the least, and to some degree we have all been affected by the pandemic.

At present, the global shortage of raw materials, supply chain disruptions, and inflation are challenges that remain. We are in continuous communications with our suppliers, and freight forwarders for the latest information regarding production and delivery times.

BLACKSMITH COLLECTION

Experience the raw beauty of hand-forged iron hardware.
Vesta discovered a talented local artisan skilled in the Old World art of blacksmithing.
Each piece is meticulously hand-forged and tempered by fire in three rustic finishes.
Unique to this collection is a solid 1" diameter hammered rod.

AVAILABILITY:
special order 3-4 weeks, no returns

PRIMARY MATERIALS:

■ wrought iron

DIAMETER & BRACKET REQUIREMENTS:

1"D: bracket required every 6-7 feet

SHIPPING & ADDITIONAL NOTES:

Due to the nature of hand-forging slight variances in dimensional characteristics are to be expected.
The solid hammered rod is heavy.
Brackets **MUST BE** stud mounted. Improper installation may cause injury.
The curtain rings in this collection are not hand-forged.

AVAILABLE FINISHES:

BL = black

B = bronze

NA = natural (iron)

CRYSTAL MAGIC COLLECTION

Vesta's Crystal Magic Collection exudes the kind of high elegance that inspires awe. These finials represent the opulent eye-catching sparkle of high-leaded French crystal. All finials are precision hand-cut and available in a variety of rich colors and five base finishes. Designed as newel post toppers, they may also be used as drapery finials for 2¼" diameter poles (Highland Timber Collection, pg. 30-33 & Hunley Collection, pg. 34-37).

AVAILABILITY:
special order 3-4 weeks, no returns

13

PRIMARY MATERIALS:

■ crystal, brass

DIAMETER & BRACKET REQUIREMENTS:

2¼"D: Highland Timber (pg. 30-33) & Hunley (pg. 34-37)

SHIPPING & ADDITIONAL NOTES:

Extra care must be taken when using as drapery finials due to the weight of the finials. Please be certain that the finials are firmly affixed to the pole you select in order to avoid personal injury and to protect your investment

AVAILABLE BASE FINISHES:

AB= antique brass
BB= brushed brass

HELENA

C O L L E C T I O N

Vesta's Helena Collection features the strength of steel in four popular finishes. Bold and elegant designs are offered to solve various design challenges. All items are in-stock for quick shipping and available at an attractive price point.

AVAILABILITY:

in-stock, typically ships within 24-48 hours

PRIMARY MATERIALS:

■ steel

DIAMETER & BRACKET REQUIREMENTS:

2"D: bracket required every 6-8 feet

SHIPPING & ADDITIONAL NOTES:

Due to changes in the shipping industry, rods at 96" are billed at the 90lb. ground rate. The collection's rod splice can be used to achieve longer spans. In some applications the center bracket will conceal the splice point.

MISTRAL

COLLECTION

Vesta's Mistral Collection features petite finial designs all produced to the highest standards. The hardware in this product grouping is ideally suited for contemporary light-weight café style window treatments. Six popular finishes are available and in-stock for quick shipping.

AVAILABILITY:

in-stock, typically ships within 24-48 hours

PRIMARY MATERIALS:

■ brass

DIAMETER & BRACKET REQUIREMENTS:

3/8"D: bracket required every 36-42 inches

SHIPPING & ADDITIONAL NOTES:

The maximum rod length in this collection is 96". If shipped at that length it will be billed at the 90lb. ground rate. Due to this collection's small diameter splicing is not recommended.

AVAILABLE FINISHES:

AB= antique brass

BB= brushed brass

BN= brushed nickel

PB= polished brass

PC= polished chrome

PN= polished nickel

SAMPLE SETS

MOTOPIA

COLLECTION

Vesta's Motopia Collection features precision extruded decorative aluminum tracks powered by a belt driven wire-free motor. The silent system operates with a 5-channel (RF) remote control, and can hold a charge for up to one year.

AVAILABILITY:

special order 3-4 weeks, no returns

PRIMARY MATERIALS:

■ aluminum, brass

DIAMETER & BRACKET REQUIREMENTS:

1½"D: bracket required every 5-7 feet

SHIPPING & ADDITIONAL NOTES:

Vesta will not be responsible for damage to your motor if your draperies touch, and therefore drag across the floor (puddling) during operation.

**AVAILABLE FINISHES:**

BL= black

BN= brushed nickel

PC= polished chrome

TITAN TRACK

C O L L E C T I O N

The Titan Track Collection is a Vesta-inspired product line featuring precision fabricated finials, extruded aluminum track and three popular finishes. This hefty diameter provides a suitable alternative for heavier weight window treatment designs. All items are in-stock and available for quick shipping.

AVAILABILITY:
in-stock, typically ships within 24-48 hours

PRIMARY MATERIALS:
■ aluminum

DIAMETER & BRACKET REQUIREMENTS:
1 $\frac{3}{8}$ "D: bracket required every 6-8 feet

SHIPPING & ADDITIONAL NOTES:
Splicing when applicable can significantly reduce freight charges. The created seam will be visible. We can help you make the best-informed decision when it's time to ship your order.

AVAILABLE FINISHES:
BL= black
BN= brushed nickel
PC= polished chrome

(for Ball Bearing Roller Carrier only)

FAQ's

FREQUENTLY ASKED QUESTIONS

Q: How does Vesta handle orders?

A: Orders can be placed via:
Fax: 888-231-4026
Email: info@onadrapery.com
Phone: 800-231-4025
All first-time orders require a Tax ID Number or Retail Certificate

Q: What forms of payment are accepted?

A: Ona accepts MasterCard, Visa, Company Check

Q: What is the best way to clean brass?

A: Typically a dry dust cloth is all that is required. In some cases, a solution of warm water and mild soap can be used. DO NOT USE ANY HARSH CHEMICALS OR ABRASIVES. All brass is polished and lacquered. Gloves should be worn during installation to protect the surface finish.

Q: What is the best way to clean aluminum?

A: Typically a dry dust cloth is all that is required. In some cases, a solution of warm water and mild soap can be used. For stubborn areas like fingerprints a multi-purpose cleaner such as Ballistol® can be used to clean the surface area. DO NOT USE ANY HARSH CHEMICALS OR ABRASIVES. Gloves should be worn during installation to protect the surface finish.

Q: How is shipping handled?

A: Vesta uses various shipping companies to deliver your order. Due to the nature of our product rods/tracks are sometimes packed separately from the hardware. As a result, the smaller packages are handled differently than the longer packages, and on occasion delivered at different times. This applies to ground shipped packages only. Premium air service is backed by a delivery guarantee for all packages tendered. If and when feasible we can pack everything in a large corrugated tube or Reddi-Crate® box. Vesta ships all orders complete on the same day unless instructed otherwise. **ALL SHIPMENTS SHOULD BE INSPECTED UPON RECEIPT.** For damages that are visibly blatant, we suggest that you refuse the shipment. At a minimum, notes must be made on the Bill of Lading for LTL shipments and reported to Vesta immediately. For concealed damage when no physical evidence is apparent, a report must be made within five business days to honor the claim.

Q: How are shipping charges calculated?

A: The shipping trade has changed in recent years, and the effects have been felt throughout our industry. Terminology such as "over length" and "extreme length" are now used by carriers to classify packages within a certain DIM (L x W x H) range to rate shipments. Any package measuring 97"-108" will be rated at the 90 lb. ground rate. All LTL packages measuring 119"-144" are classified as standard LTL. Packages that are greater than 144" are classified as "extreme length". The majority of LTL carriers have adopted standard flat "extreme length" surcharges ranging from \$21-\$175. All rates vary depending on geographical location. We check all carrier rates for the best possible rate.

All images and copy included in this printed catalog and in our online showroom are produced for our purposes. No images or text may be duplicated in any form without Vesta's expressed written consent. Colors and finishes should be close but customers should expect slight variations due to the processes involved in four-color printing and posting material online. Vesta is providing these materials in good faith and may not be held responsible for any typographic errors regarding our products, our pricing or product availability. Furthermore, Vesta is not responsible for any outages or discontinuance from our suppliers. The responsibility of determining an appropriate collection and diameter to properly support the weight of any proposed window treatment ultimately rests with the person placing the order or their installer. Vesta can only make generalized recommendations based on information provided by the customer.

All merchandise should be inspected immediately upon receipt to resolve any claims with all parties involved in the transaction. Special order items CAN NOT be returned. There may be a 25% restocking fee associated with any returned merchandise and in ALL instances, accepting any returned merchandise is subject to Vesta's inspection.
